

Dr. Erin Haytaian, DNP, APRN, PMHNP-BC

About Dr. Haytaian:

I currently live in Dallas/Ft. Worth Texas with my husband and 2 young children. I have lived in Texas my entire life. I was a former cheerleader and love college and professional football. You can find my family and me traveling or spending time outdoors.

Education

- Bachelor of Science in Nursing- University of Texas at Austin (Austin, TX)
- Master of Science in Nursing- University of Texas at Arlington (Arlington, TX)
- Doctorate of Nursing Practice - University of Texas at Arlington (Arlington, TX)

Work Experience

I work with all age groups. I have worked with adults in the psychiatric emergency/detox unit, corrections, MHMR, children/adolescent outpatient mental health clinics, and family services in telepsychiatry services. I have been providing telemedicine services since 2015 and currently practice in Texas, Oklahoma, and Minnesota.

My Vision:

My goal is to provide the highest quality of care using a technology-based platform. Through telemedicine, I can increase access and provide care that is culturally competent, compassionate, and therapeutic. I use current evidence-based research that guides my practice so that I can deliver top quality, safe, and effective care.
